**NATIONAL ANNOUNCEMENT
TRANSPORTATION BULLETIN
LOW SLOPE**

April 1, 2008 FUEL SURCHARGE INCREASE

March 12, 2008

Dear Valued Customers:

Effective April 1, 2008, GAFMC will increase the fuel surcharge rate from \$50.00 to \$100.00 per full truckload or railcar. Fuel surcharges will continue to be applied to any invoice for full loads of low slope roofing products originating from all GAFMC facilities. This surcharge replaces the current fuel surcharge of \$50.00, and will be applied to any order shipped. We will continue to add this surcharge as a separate line item so that you may track the costs better and fully understand your unit costs.

GAFMC will continue our policy of holding any surcharges to an absolute minimum. GAFMC appreciates your business and thanks you for your continued support and cooperation during this period. Should you have any questions concerning this announcement please contact your local sales office.

Vic Anthony
